

Credit Card Balance Transfer

2.99% for 6 Months

No Balance Transfer Fee

Switch and Save! Transfer your non-UCFCU credit card balances to your Unified Communities FCU Visa Credit card and receive a balance transfer rate of 2.99% APR for 6 months from the transfer date. After that, the APR will be your standard APR listed in your credit card application and agreement.

<b>Primary Account Owner's Information</b>

UCFCU Account Number	UCFCU Visa Account Number
<b>Balance Transfer Information</b>	
Credit Card Account Number	Name As It Appears on Credit Card
Card Issuer (Name of Bank, Credit Union, Department Store etc)	Card Issuer Telephone Number
Card Issuer Payment Address (Street, City, State, Zip)	
Amount to be Transferred	
<b>Signature</b>	
<p>By signing below, I authorize Unified Communities FCU to bill my Unified Communities FCU Visa Credit Card in the amount indicated above. I understand that my balance transfer request is subject to credit availability and my qualification as a member in good standing. I understand that FINANCE CHARGES will be assessed from the date of the balance transfer posted to my Unified Communities FCU Visa Credit Card Account. I understand that the credit union will advise me if the credit union is unable to process my request for any reason. I understand that my request to payoff my credit card balance with other creditors may take up to thirty (30) days. I understand that Unified Communities FCU will not be responsible for any charges billed to me for the card issuer/creditor indicated above. I understand that I should continue to make monthly payments to the creditor until the balance transfer appears as a credit on the account. I understand if I transfer an amount for a transaction in dispute, I may lose my rights against the other creditor. I understand that balance transfers must not include requests to pay down or pay off any of my loan accounts with Unified Communities FCU.</p>
